

And apparantly the files were too big to upload as one chapter, so I split it into part 1 and part 2

Sorry....

You're  
welcome

*~~~~~* **Circle** "gukuro" is basically a term for when a group of guys and girls – usually the same number for each – go out together with drinking as its subject

with your words the other day, wouldn't there be weird rumors?

I know you have a girlfriend but...

...Are you serious?

Easy with what?

I'm helping Mitsuki at Professor Tsujimura's lab.

Er?
